

United States Department of State

Washington, D.C. 20520

MAY 26 2011

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles, including technical data, or defense services sold commercially under contract in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the transfer of defense articles, including technical data, and defense services to provide logistics support of the E-767 Airborne Warning and Control System ("AWACS") AN/APY-2 Radar for end-use by the Japan Ministry of Defense.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'J' followed by a horizontal line.

Joseph E. Macmanus
Acting Assistant Secretary
Legislative Affairs
